Week 6, Term 1

5 Minute Skits!

On Monday we kicked off our week of teamwork activities with some 5-minute skits! Our dramatic OSHCies are absolutely brilliant at charades, performing, and all things make-believe, so this was the perfect challenge. With only a few minutes to come up with a plan, teams had to think quickly on their feet and work together to create hilarious stories and dramatic performances. The creativity, improvisation, and laughter made for a fantastic day!

On Tuesday we put our thinking hats on and teamed up to tackle a list of tricky riddles. With everyone sharing ideas and combining brainpower, the teams worked brilliantly together to solve them.
