

WHAT'S THE gOSHC?

Art Week! MTOP Outcomes: 1.3, 2.2, 4.1

Week 2, Term 2

Collaborative Mural!

On Monday, we kicked off Art Week with a collaborative mural! Armed with markers, pencils, and plenty of imagination, everyone gathered around the table to contribute their ideas. Piece by piece, our creativity came together to create a vibrant OSHC artwork we can all be proud of!

Straw Painting!

On Tuesday, we swapped our paintbrushes for straws to create some truly unique artworks! Experimenting with different ways to blow, splatter, and move the paint across the page challenged even our most experienced artists, but the results were absolutely worth it!

Fantasy Map Making!

On Wednesday, our OSHC artists put on their dreamer hats and set out to design their own fantasy worlds. From money tree groves to candy-filled forests and magical flower fields, the ideas were as imaginative as they were colourful. Working together to share ideas and build these dream worlds was a truly creative and inspiring experience.
