

# WHAT'S THE gOSHC?

Games Week! MTOP Outcomes: 2.3, 3.2, 4.3

Week 3, Term 2

## Hide and Seek!

On Monday, we kicked off Games Week with a beloved classic: Hide and Seek! From the sneaky indoor rounds in the OSHC room, where children camouflaged themselves with boxes and tucked away in dress-up baskets, to the much trickier outdoor games where trees, equipment, and every corner of the yard became the perfect hiding spot, the excitement never stopped!

## Silent Sports!

On Wednesday, we took on the very challenging game of Silent Sports! Now, anyone who has ever stepped foot into our OSHC room would know that "silent" is definitely not one of the many wonderful words we'd use to describe our vibrant OSHC crew! That's what made the challenge so hilarious. From whispered cheering to silent celebrations and lots of laughter from those trying very hard not to make a sound, it was a fun-filled afternoon of teamwork, self-control, and unforgettable moments!

## Make Your Own Board Game!

On Thursday, we gathered around the craft tables to design our very own board games! It was amazing to see everyone's creativity shine as children came up with unique themes, exciting rules, colourful designs, and imaginative challenges for their games. The best part was watching everyone proudly share and play each other's games at the end!
