In It to Win It Rules

Inflatable Relay

All house competitors start at one end of pool.
Competitors use their inflatable to ferry the team to the other end of pool. No limit on how many students on inflatable.
Any student falling into the pool needs to return to the start.
Inflatables can be towed back to start using attached rope.
Smaller teams have students returning to start to ferry more than once.
The first team to ferry all students across the pool wins.

Water Polo Shoot out

Set up the shooters at the 5-meter line and make sure the goalkeeper is ready on the goal line. All other players clear the shooting area and wait outside the main space so the shot can be taken cleanly.

The referee signals the shot, and the shooter takes one attempt to score.

Each team has 3 shooters, with each player taking only one shot. Once all 3 have taken a shot it is then the opposing teams turn. If the score is still tied, the shootout continues in sudden death until one team scores and the other misses.

Under / Over (Non-Swimmer Event)

Teams line up at edge of the pool in a straight line.
Captain starts at the front of the line and wears a water polo cap.
The ball passed over the head and then under legs between first and the last person carries ball back to the front of line.
Repeat until captain returns to the front of the line.

Finishing: Captain swims with ball to the finish marker.

The ball must be in control of the captain (it cannot be thrown). Swimming attire or House top and PE shorts are acceptable.

The first house to get their 'Captain' back to the start wins.

25 M Noodle race

Each swimmer races to the end of the 25 m pool sitting on the pool noodle.
Using arms to paddle to the other end. Once teammate is at the other end the next person can Go. Number of lengths achieved provides the result.
